3- on consumption

When choosing the 'on consumption' option the beverage menu is quite flexible. You can tailor it to suit your needs in accordance with our functions coordinators. All wines, beers & spirits can be pre-ordered. We will require at least 2 weeks notice prior the event to organize the wines so that we avoid any disappointment. With this option we hold a bar tab. Throughout the event we will liaise with you and let you know when the tab is coming to a near end.
